St. St. Scoop series PHARMA for bags

The special design of these Scoops with 'reverse' handle facilitates the operations of removal of the product inside bags - drums - small containers.

For the technical specifications, refer to the above

Volume L	Length mm	Width mm	Scoop height mm	Total lenght x height mm	Weight gr	Item no.
0.5	200	110	60	245 x 190	550	810650
1.0	240	140	70	300 x 240	800	8106100
1.5	260	160	80	310 x 230	910	8106150
2.0	270	180	110	350 x 270	1.110	8106200

St. St. Scoop series PHARMA - flat bottom

- **Material AISI 316L**
- Electro-polished finish with continuous weldings completely removed and polished
- Without cracks or interstices
- Handle made with a 20 ° inclined shaped plate for a correct handle
- With rounded corners, for a correct washing, with chamfered rounded edges
- Responding to the CGMP rules

Volume L	Length mm	Width mm	Lenght mm	Weight gr	Item no.
0,25	280	180	445	850	820625
0.5	185	100	335	400	820650
1.0	225	130	375	550	8206100

St. St. Open Scoops PHARMA series

- **Material AISI 316L**
- Electro-polished finish with continuous weldings completely removed and polished
- Without cracks or interstices
- Flat central part to facilitate dust collection
- Body with rounded corners.
- 10 ° inclined cylindrical handle
- With rounded corners for a correct washing and rounded anti-cutting edges
- Responding to the CGMP rules

St. St. Scoop for sampling – PHARMA series

- **Material AISI 316L**
- Flat bottom part for supporting scoops
- Satin finish with continuous weldings completely removed with satin-finished.
- Without cracks or interstices
- With radiused corners for a correct washing and rounded edges anti-cutting
- Responding to the CGMP rules

Volume L	Scoop width mm	Total lenght mm	Item Code
0.5	110	205	376500

St. St. square Scoop – PHARMA series

- **Material AISI 316L**
- Satin finish with continuous weldings completely removed with satin-finished
- With radiused corners for a correct washing and rounded edges anti-cutting
- Responding to the CGMP rules

Volume L	Scoop widthmm	Total lenght mm	Item code
1.5	160	190	3661

St. St. scoops JUMBO – AISI 316L

- **Material St. St. AISI 316L**
- With additional handle that facilitates handling.
- Rounded body for easy cleaning
- Glossy finish

Volume L	Ø body mm	Lenght of the scoop mm	Total lenght mm	Item code
3	150	270	420	A776-3000

St. St. Scoops – BASIC for bags

The particular design of these scoops with 'reverse' handles facilitates the picking operations produced inside bags - drums - small containers.

- Constructive characteristics as for the aforementioned scoops
- Handle made of folded sheet metal

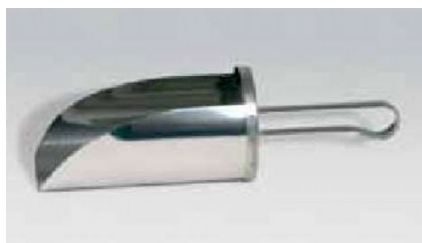

Volume L	Ø body mm	Scoop lenght mm	Total lenght mm	Item Code
0.5	90	140	160	1038/090
1	110	170	180	1038/110
1.5	130	200	220	1038/130

St. St. Scoops HEAVY - CHEMICALS

- **Material AISI 304**
- Satin finish, with completely cleaned welds.
- Handle made with inclined tube.
- With rounded edges.
- For dimensions see attached technical sheet

Volume L	Ø body mm	Scoop lenght mm	Total lenght mm	Item Code
0.8	100	185	325	80376
1.3	120	200	340	80377
1.8	140	220	370	80378
2.1	160	240	400	80379

St. St. Scoop LIGHT - CHEMICALS

- **Material AISI 304**
- Satin finish, with completely cleaned welds.
- Flat handle made of folded sheet metal.
- With rounded edges.
- For dimensions see attached technical sheet

Volume L	Ø body mm	Scoop lenght mm	Total lenght mm	Item Code
